E. C. SWIFT OF CHICAGO DEAD.

Member of the Packing Firm a Victim  
of Pneumonia.

Boston, April 5.—E. C. Swift of Chi-  
cago, a member of the packing firm of  
Swift & Co., died early in the morning  
at the Quincy House of pneumonia.

Mr. Swift was taken ill March 27.  
He had come here from his country es-  
tate at Beverly Farms in order to be  
near his friend and business asso-  
ciate, N. E. Hollis, who was undergo-  
ing an operation.

Mr. Swift grew rapidly worse and  
his daughter, Mrs. Clarence Moore of  
Chicago, was summoned. His physi-  
cian, Dr. Johnson, also was called from  
Chicago.

The crisis in the disease was  
reached Wednesday, when alarming  
symptoms made their appearance. The  
patient became unconscious and re-  
mained in that condition until the end.

Mr. Swift's widow was traveling in  
Europe when her husband was stricken  
and it is thought that she is now on  
her way to America.

Mr. Swift was born in Sandwich,  
Mass. He went west in boyhood and  
with his brother Gustav, did much to  
develop the packing industry. One of  
the prominent features of his work  
was the perfecting of the refrigerator  
car system.

### MADE SPECIAL ORDERS.

Insurance Legislative Measures in New  
York State Senate.

Albany, N. Y., April 5.—The bills  
proposed by the joint special legisla-  
tive committee to meet the conditions  
disclosed in the recent investigation  
of life insurance are all special orders  
for the day in the senate committee of  
the whole. It is probable that the  
leaders will attempt to pass some of  
the bills then.

The bill prohibiting campaign con-  
tributions by corporations was put  
over for the day because of sugges-  
tions that it would operate in ways not  
contemplated by the committee.

The so-called "big bill" generally  
amending the insurance law and con-  
taining most of the provisions that  
will cause extended debate and possi-  
bly opposition, was not taken up, not  
having been printed long enough. It  
will be placed on Monday night's as-  
sembly calendar but may go over un-  
til Tuesday.

## DEMANDS OF MINERS

BELIEVED THEY WILL BE MODI-  
FIED IN ORDER TO SETTLE  
THE TROUBLE.

MAY EFFECT AN ARGEEMENT

OPERATORS ARE EXPECTED TO  
MAKE SOME CONCESSIONS  
TO THE MINERS.

New York, April 5.—It is the gen-  
eral belief of those who are watching  
the situation about the anthracite  
miners' headquarters that the miners  
have definitely decided to modify their  
demands, and probably will present  
them to the operators during the day.  
Some of the members of the commit-  
tee privately admitted before coming  
to New York that the original de-  
mands were greater than the miners  
expect to get and that the leaders  
could afford to trim them.

It is believed that if the operators  
will meet the men half way such as a  
reconstruction of the conciliation  
board, an eight-hour day and an in-  
crease in pay for some classes of la-  
bor, the miners would seriously con-  
sider the proposition of renewing the  
strike commission award for another  
year. The miners have asserted they  
would not bind themselves to any  
agreement for three years.

When these reports and other ru-  
mors to the effect that the miners  
would suggest that the differences be  
arbitrated and that a convention  
would be summoned soon, were called  
to the attention of the committee, its  
members referred the inquirers to  
President Mitchell. He, however,  
said, "there is nothing I can say at  
this time."

Preparations for another meeting  
during the day between the subcom-  
mittees of the anthracite operators  
and miners kept the Shamokin scale  
committee of miners busy during the  
day. Two long sessions were held.

All the district leaders received re-  
ports from the anthracite fields dur-  
ing the day and evening, and declared  
that the situation is entirely satisfac-  
tory.

President Mitchell is devoting as  
much time to the bituminous field as  
he is to the hard coal regions. He is  
hourly in receipt of telegrams from  
the West. When asked how matters  
stood in the soft coal fields, he said:

"Entirely satisfactory to me. Every-  
thing is turning out as I expected, and  
I believe the situation will soon be  
cleared up."

When Mitchell was informed that  
President Roosevelt had declined to  
interfere with the soft coal troubles  
he showed great interest and inquired  
if the text of the president's communi-  
cation has been made public. He re-  
fused to comment on the president's  
action.

J. L. Marston of the Texas and Pa-  
cific Coal company had a short con-  
ference with Mr. Mitchell over the  
1903 scale, but if a conclusion was  
reached it was not disclosed.

### MINERS STILL REMAIN OUT.

Do Not Go Back to Work for Company  
That Signed the Scale.

Pittsburg, April 5.—Notwithstand-  
ing the fact that the Pittsburg Coal  
company has signed the scale demand-  
ed by the miners not more than half  
the company's operations are under  
way. This, it was said, is due to con-  
flicting orders that had been sent out  
by the contesting officers of the local  
district in which there has been a fac-  
tional fight.

Patrick Dolan is charged with hold-  
ing back the miners from work. He  
made a statement during the evening  
in which he denies that he sent out  
any restraining orders and advises the  
men to resume labor at once.

A further development in the soft  
coal situation in this district is indi-  
cated in the statement of an independ-  
ent operator who is one of the mem-  
bers of the organization formed Tues-  
day night. He said: "It will be all  
over in a week. If the Pittsburg Coal  
company gets all their men back to  
work by next week there will be  
nothing left for the independents to do  
but sign the scale."

The miners' convention during the  
day was devoid of the excitement that  
has characterized previous meetings.  
The tellers' report was completed and  
the officers, as forecasted Tuesday  
night, were announced as elected. These  
include Frank Fehan of Castle  
Shannon as president.

Denials were made that the arrange-  
ment to sign the scale of 1903 does  
not carry with it the concessions  
gained since then.

William Little, a national executive  
board member, declared that the min-  
ers' scale committee had been remiss  
in failing to insert a stipulation to that  
effect in the agreement. The miners

are afraid to go to work, Little said,  
and they will likely remain so until  
this tangle has been straightened out.  
If the concessions are not included  
in the new scale, the operators can  
abrogate it on the ground that it does  
not cover the agreement.

Miners are suspicious and do not  
take the operators' personal assur-  
ances seriously.

In other fields the situation appears  
to be unchanged, except in the Johns-  
town district. Two striking miners  
were shot and wounded by the guards  
at the Berwind-White works near there  
and there is an ugly feeling among the  
strikers. The situation has grown so  
serious that national officials of the  
mine workers have been appealed to.  
At Irwin, another storm center,  
there was a clash between the depu-  
ties and the strikers. It was reported  
that an injunction restraining the  
strikers from violence would be ap-  
plied for.

The West Virginia and Panhandle  
fields have experienced no violence,  
although all the men have not yet re-  
turned to work.

### LOOK FOR A SETTLEMENT.

Anthracite Miners Expect Conference  
to Adjust Differences.

Philadelphia, April 5.—Anticipation  
that a settlement will be reached by  
the operators and miners when they  
meet during the day prevails through-  
out the anthracite region. Mine work-  
ers appear to believe that the confer-  
ence will adopt a plan which if it  
does not comply with all the demands  
of the mine workers will grant at least  
enough concessions for a resumption  
of mining. This feeling is due to the  
reported conciliatory attitude of both  
parties, and also to the reassuring  
statements made by delegates to the  
Indianapolis convention.

While hopeful for peace, however,  
the miners are preparing for war as  
is evidenced by the fact that picketing  
has become general. At Yaleville,  
near Kilkesbarre, a number of pump-  
men employed at the Fernwood colli-  
ery of the Pennsylvania Coal com-  
pany were attacked by foreigners. This  
resulted in a call for state police, but  
no arrests were made.

During the day President Baer held  
several conferences with officials of  
the coal company. He declined to  
discuss the New York meetings.

### ULTIMATUM TO IOWA MINERS.

Operators Will Not Deviate From  
Policy Agreed Upon.

Des Moines, Ia., April 5.—Iowa coal  
operators agreed during the afternoon  
on a policy by which they will be gov-  
erned in their conferences with the  
miners regarding a wage scale. Al-  
though the details are kept secret, it is  
known that the operators contemplate  
the framing of a scale independent of  
the action of Illinois or any other  
state. It is also stated that the opera-  
tors are not willing to grant the 1903  
scale but they claim that their posi-  
tion is fair and one that the miners  
can come to honorably.

The operators say that their proposi-  
tion will be final, that there will be  
no deviation and that the miners must  
receive and consider it or there will  
not be a settlement.

### Early Settlement Predicted.

Indianapolis, April 5.—An early set-  
tlement of the coal strike is predicted  
by the United Mine Workers' Journal,  
the official organ of the United Mine  
Workers of America, in its latest is-  
sue. It is stated that 70 per cent of  
the tonnage of the bituminous fields  
has either signed the 1903 scale or has  
signified an intention to do so.

### TUSKEGEE'S CELEBRATION.

Secretary Taft and President Eliot of  
Harvard Among the Speakers.

Tuskegee, Ala., April 5.—Owing to  
the delay in the Ogden special train  
the beginning of the exercises in con-  
nection with the celebration of the  
twenty-fifth anniversary of the Tuske-  
gee normal and industrial institute  
was delayed until evening.

Among the prominent men who  
came in on the Ogden train were Sec-  
retary of War William H. Taft, Robert  
C. Ogden, president of the board of  
trustees; Charles W. Eliot, president  
of Harvard university; Dr. Lyman W.  
Abbott and Oswald Garrison Villard,  
editor of the New York Evening Post.

The party was greeted by 1,500  
students and alumni and by members  
of the faculty and board of trustees.  
Principal Booker T. Washington de-  
livered an address of welcome. Mr.  
Ogden delivered a strong address on  
the significance of the celebration.

President Eliot of Harvard spoke on  
"What Uplifts a Race and What  
Holds It Down." Secretary Taft also  
delivered an address.

### JAPS PREPARING FOR WAR.

Russian General Says the Enemy in  
View Is America.

Moscow, April 5.—General von  
Mack, the Russian representative of  
the Red Cross, has just returned here  
from Japan. He declares that the  
Japanese are actively engaged in war  
preparations and he adds that it is  
evident that the enemy in view is  
America, and that operations are be-  
ing planned against the Philippine  
islands.

## APPROVED BY BUREAU

PROGRAMME OF SUBJECTS TO  
BE CONSIDERED BY CONFER-  
ENCE IN RIO JANEIRO.

### ROOT WILL EXTEND HIS TOUR

SECRETARY OF STATE TO VISIT  
SEVERAL OF THE SOUTH  
AMERICAN COUNTRIES.

Washington, April 5.—The pro-  
gramme of subjects to be considered  
by the Pan-American conference  
which will meet at Rio Janeiro in July,  
was unanimously approved by the  
bureau of American republics during  
the day. This programme was pre-  
pared by a committee of which Sec-  
retary Root is chairman and included  
the ambassadors from Brazil and  
Mexico and the ministers from Costa  
Rica, Chile and Argentine Republic.

Probably the most important of the  
subjects are embraced in resolutions  
affirming the adherence of the Ameri-  
can republics to the principle of arbitra-  
tion as the medium of settling disputes  
between them, with an expression of  
hope that the coming Hague confer-  
ence will agree upon a general arbitra-  
tion commission. There is also a  
resolution recommending that the  
Hague conference be requested to con-  
sider the extent to which the use of  
force for the collection of public debts  
is admissible.

Incidental to this will be the discus-  
sion of the so-called Drago doctrine,  
which is opposed to the forcible collec-  
tion of debts of one nation by another,  
a doctrine long adhered to by the  
United States.

Other matters on the programme are  
those of a reorganization of the inter-  
national bureau of American republics,  
the codification of public and private  
interest law, naturalization; develop-  
ment of commercial intercourse; cus-  
tom and consular law; patents and  
trademarks; sanitary, police and quar-  
antine regulations; the Pan-American  
railway; copyrights; practices of the  
learned professions and future con-  
ferences.

### WILL EXTEND HIS TOUR.

Secretary Root to Circumnavigate  
South America.

Washington, April 5.—Secretary  
Root has decided to extend his trip to  
Rio de Janeiro, so as to circumnaviga-  
te South America and to visit  
Buenos Ayres, Montevideo, Santiago  
de Chile and Lima.

The secretary would like to include  
the capitals of Colombia and Ecuador  
in his tour, but lack of time and the  
difficulty of reaching Bogota and La  
Paz from the seaports will prevent  
him doing so.

Mr. Root will be accompanied by  
Mrs. Root and Miss Root and personal  
servants only.

He expects to come up the west  
coast of South America to Panama and  
across the Isthmus, taking a steamer  
from Colon to New York. The trip  
will begin early in July and will end  
about Oct. 1.

### Bank President Killed.

Muskogee, I. T., April 5.—J. Bur-  
dette, president of the Eufala National  
bank, merchant and one of the most  
prominent and wealthy men of the  
Creek Nation, was shot and killed  
Tuesday night. His body was found  
during the morning near a well in the  
rear of his residence. There is no  
clue to the assassin.

### Heavy Loss by Fire.

Mexico City, April 5.—Fire during  
the day destroyed the big dry goods  
store, "Almacen de la Valencia," of  
Sebastian, Robert & Co. The build-  
ing was owned by John A. Beistegui  
of Paris. The total loss is between  
\$600,000 and \$700,000.

### SPEAKER CANNON PRESIDES.

Joint Caucus of Republicans of the  
Senate and House.

Washington, April 5.—The Republi-  
cans of the senate and the house of  
representatives met in joint caucus at  
the close of the session of the house  
during the day and selected members  
of the Republican congressional cam-  
paign committee. Senator Allison  
called the caucus to order. In doing  
so he directed attention to the fact  
that this was the first step in a cam-  
paign which would doubtless prove in-  
teresting and the importance of which  
already is apparent. He nominated  
Speaker Cannon as presiding officer.

He, too, spoke briefly of the situation,  
indicating that the campaign already  
is being made and that the result in  
November will depend on legislation  
now being enacted. He counseled  
carefulness, a strict attention to busi-  
ness, economy and justice in appro-  
priations. The committee was then  
named. A meeting for organization  
will be called either the last of this  
week or the first of next.

Among the members selected are:  
Town, A. F. Dawson; Michikan, J.  
W. Fordney; Minnesota, J. A. Tawney;  
Montana, J. M. Dixon; Nebraska, J. J.  
McCarthy; New York, J. S. Sherman;  
Ohio, Nicholas Longworth; South Da-  
kota, C. H. Burke; Wisconsin, J. H.  
Davidson; Wyoming, F. W. Mondell.

Several states and territories have  
not yet selected their members.

### THE CONDUCTOR

Conductor Warren, of the C. & N. W.

### Wood Case Dismissed.

Omaha, April 4.—The suit filed by  
Miss Mae C. Wood against United  
States Senator Thomas C. Platt, Will-  
iam Loeb, secretary to the president,  
and former Postmaster General  
Wynne for \$150,000 damages was dis-  
missed by Judge Kennedy because no  
one appeared for the plaintiff.

## DEMANDS OF MINERS

BELIEVED THEY WILL BE MODIFIED IN ORDER TO SETTLE THE TROUBLE.

MAY EFFECT AN AGREEMENT

OPERATORS ARE EXPECTED TO MAKE SOME CONCESSIONS TO THE MINERS.

New York, April 5.—It is the general belief of those who are watching the situation about the anthracite miners' headquarters that the miners have definitely decided to modify their demands, and probably will present them to the operators during the day. Some of the members of the committee privately admitted before coming to New York that the original demands were greater than the miners expect to get and that the leaders could afford to trim them.

It is believed that if the operators will meet the men half way such as a reconstruction of the conciliation board, an eight-hour day and an increase in pay for some classes of labor, the miners would seriously consider the proposition of renewing the strike commission award for another year. The miners have asserted they would not bind themselves to any agreement for three years.

When these reports and other rumors to the effect that the miners would suggest that the differences be arbitrated and that a convention would be summoned soon, were called to the attention of the committee, its members referred the inquirers to President Mitchell. He, however, said, "there is nothing I can say at this time."

J. L. Marston of the Texas and Pacific Coal company had a short conference with Mr. Mitchell over the 1903 scale, but if a conclusion was reached it was not disclosed.

MINERS STILL REMAIN OUT.

Do Not Go Back to Work for Company That Signed the Scale.

Pittsburg, April 5.—Notwithstanding the fact that the Pittsburg Coal company has signed the scale demanded by the miners not more than half the company's operations are under way. This, it was said, is due to conflicting orders that had been sent out by the contesting officers of the local district in which there has been a factional fight.

Patrick Dolan is charged with holding back the miners from work. He made a statement during the evening in which he denies that he sent out any restraining orders and advises the men to resume labor at once.

A further development in the soft coal situation in this district is indicated in the statement of an independent operator who is one of the members of the organization formed Tuesday night. He said: "It will be all over in a week. If the Pittsburg Coal company gets all their men back to work by next week there will be nothing left for the independents to do but sign the scale."

The miners' convention during the day was devoid of the excitement that has characterized previous meetings. The tellers' report was completed and the officers, as forecasted Tuesday night, were announced as elected. These include Frank Fehan of Castle Shannon as president.

The situation has grown so serious that national officials of the mine workers have been appealed to. At Irwin, another storm center, there was a clash between the deputies and the strikers. It was reported that an injunction restraining the strikers from violence would be applied for.

The West Virginia and Panhandle fields have experienced no violence, although all the men have not yet returned to work.

LOOK FOR A SETTLEMENT.

Anthracite Miners Expect Conference to Adjust Differences.

Philadelphia, April 5.—Anticipation that a settlement will be reached by the operators and miners when they meet during the day prevails throughout the anthracite region. Mine workers appear to believe that the conference will adopt a plan which if it does not comply with all the demands of the mine workers will grant at least enough concessions for a resumption of mining. This feeling is due to the reported conciliatory attitude of both parties, and also to the reassuring statements made by delegates to the Indianapolis convention.

While hopeful for peace, however, the miners are preparing for war as is evidenced by the fact that picketing has become general. At Yaleville, near Killbuck, a number of pumpmen employed at the Fernwood colliery of the Pennsylvania Coal company were attacked by foreigners. This resulted in a call for state police, but no arrests were made.

During the day President Baer held several conferences with officials of the coal company. He declined to discuss the New York meetings.

ULTIMATUM TO IOWA MINERS.

Operators Will Not Deviate From Policy Agreed Upon.

Des Moines, Ia., April 5.—Iowa coal operators agreed during the afternoon on a policy by which they will be governed in their conferences with the miners regarding a wage scale. Although the details are kept secret, it is known that the operators contemplate the framing of a scale independent of the action of Illinois or any other state. It is also stated that the operators are not willing to grant the 1903 scale but they claim that their position is fair and one that the miners can come to honorably.

The operators say that their proposition will be final, that there will be no deviation and that the miners must receive and consider it or there will not be a settlement.

Early Settlement Predicted.

Indianapolis, April 5.—An early settlement of the coal strike is predicted by the United Mine Workers' Journal, the official organ of the United Mine Workers of America, in its latest issue. It is stated that 70 per cent of the tonnage of the bituminous fields has either signed the 1903 scale or has signified an intention to do so.

Secretary Taft and President Eliot of Harvard Among the Speakers.

Tuskegee, Ala., April 5.—Owing to the delay in the Ogden special train the beginning of the exercises in connection with the celebration of the twenty-fifth anniversary of the Tuskegee normal and industrial institute was delayed until evening.

Among the prominent men who came in on the Ogden train were Secretary of War William H. Taft, Robert C. Ogden, president of the board of trustees; Charles W. Eliot, president of Harvard university; Dr. Lyman W. Abbott and Oswald Garrison Villard, editor of the New York Evening Post.

The party was greeted by 1,500 students and alumni and by members of the faculty and board of trustees.

Principal Booker T. Washington delivered an address of welcome. Mr. Ogden delivered a strong address on the significance of the celebration.

President Eliot of Harvard spoke on "What Uplifts a Race and What Holds It Down." Secretary Taft also delivered an address.

JAPS PREPARING FOR WAR.

Russian General Says the Enemy in View Is America.

Moscow, April 5.—General von Mack, the Russian representative of the Red Cross, has just returned here from Japan. He declares that the Japanese are actively engaged in war preparations and he adds that it is evident that the enemy in view is America, and that operations are being planned against the Philippine islands.

## APPROVED BY BUREAU

PROGRAMME OF SUBJECTS TO BE CONSIDERED BY CONFERENCE IN RIO JANEIRO.

ROOT WILL EXTEND HIS TOUR

SECRETARY OF STATE TO VISIT SEVERAL OF THE SOUTH AMERICAN COUNTRIES.

Washington, April 5.—The programme of subjects to be considered by the Pan-American conference which will meet at Rio Janeiro in July, was unanimously approved by the bureau of American republics during the day. This programme was prepared by a committee of which Secretary Root is chairman and included the ambassadors from Brazil and Mexico and the ministers from Costa Rica, Chile and Argentine Republic. Probably the most important of the subjects are embraced in resolutions affirming the adherence of the American republics to the principle of arbitration as the medium of settling disputes between them, with an expression of hope that the coming Hague conference will agree upon a general arbitration commission. There is also a resolution recommending that The Hague conference be requested to consider the extent to which the use of force for the collection of public debts is admissible.

Incidental to this will be the discussion of the so-called Drago doctrine, which is opposed to the forcible collection of debts of one nation by another, a doctrine long adhered to by the United States.

Other matters on the programme are those of a reorganization of the international bureau of American republics, the codification of public and private interest law, naturalization; development of commercial intercourse; custom and consular law; patents and trademarks; sanitary, police and quarantine regulations; the Pan-American railway; copyrights; practices of the learned professions and future conferences.

WILL EXTEND HIS TOUR.  
Secretary Root to Circumnavigate South America.

Washington, April 5.—Secretary Root has decided to extend his trip to Rio de Janeiro, so as to circumnavigate South America and to visit Buenos Ayres, Montevideo, Santiago de Chile and Lima.

The secretary would like to include the capitals of Colombia and Ecuador in his tour, but lack of time and the difficulty of reaching Bogota and La Paz from the seaports will prevent him doing so.

Mr. Root will be accompanied by Mrs. Root and Miss Root and personal servants only.

He expects to come up the west coast of South America to Panama and across the Isthmus, taking a steamer from Colon to New York. The trip will begin early in July and will end about Oct. 1.

Bank President Killed.

Muskogee, I. T., April 5.—J. Burdette, president of the Eufala National bank, merchant and one of the most prominent and wealthy men of the Creek Nation, was shot and killed Tuesday night. His body was found during the morning near a well in the rear of his residence. There is no clue to the assassin.

Heavy Loss by Fire.

Mexico City, April 5.—Fire during the day destroyed the big dry goods store, "Almacén de la Valencia," of Sebastian, Robert & Co. The building was owned by John A. Beistegui of Paris. The total loss is between \$600,000 and \$700,000.

SPEAKER CANNON PRESIDES.

Joint Caucus of Republicans of the Senate and House.

Washington, April 5.—The Republicans of the senate and the house of representatives met in joint caucus at the close of the session of the house during the day and selected members of the Republican congressional campaign committee. Senator Allison called the caucus to order. In doing so he directed attention to the fact that this was the first step in a campaign which would doubtless prove interesting and the importance of which already is apparent. He nominated Speaker Cannon as presiding officer. He, too, spoke briefly of the situation, indicating that the campaign already is being made and that the result in November will depend on legislation now being enacted. He counseled carefulness, a strict attention to business, economy and justice in appropriations. The committee was then named. A meeting for organization will be called either the last of this week or the first of next.

Among the members selected are: Iowa, A. F. Dawson; Michigan, J. W. Fordney; Minnesota, J. A. Tawney; Montana, J. M. Dixon; Nebraska, J. J. McCarthy; New York, J. S. Sherman; Ohio, Nicholas Longworth; South Dakota, C. H. Burke; Wisconsin, J. H. Davidson; Wyoming, F. W. Mondell. Several states and territories have not yet selected their members.

Quiet Wedding at Home of Bride's Parents Last Evening--Happy Couple go To Thief River Falls

The immediate families of the contracting parties gathered at the home of Thomas Esmay last night to witness the marriage of Mrs. Hermine Alger, daughter of Mr. and Mrs. Esmay to Ole Peterson. The ceremony was performed by Rev. E. A. Allin, pastor of the First Congregational church. After the ceremony a bountiful wedding supper was served.

The bride has been for the past three years a popular clerk in the store of Mrs. L. M. Koop, while the groom, who is a son of Chas. Peterson, the contractor, was for years in the employ of various merchants here serving last as clerk for H. W. Linnemann. Mr. Peterson is at present manager of a large store at Thief River Falls, for which place they left on the midnight train last night, being escorted to the depot by a large crowd of friends who wish them much joy in their future life while regretting to see them leave Brainerd. The two young daughters of the bride will remain with Grandpa Esmay for the present but may go to Thief River Falls later.

## TITLE BADLY TANGLED UP

The Discovery of Iron Makes Land Suddenly Valuable and Causes Suit

800 ACRES OF LAND INVOLVED

Attempt is Made to Set Aside Foreclosure of Mortgage—

Other Suits

Papers have been filed in a case in the Crow Wing District court that appear to mark the beginning of about as big a job for the district judges as has been given them for some time. It all arises out of the fact that land supposed to have been comparatively worthless fifteen months ago has become much sought after because in the Little Rabbit iron district.

One D. E. Harmon, of St. Paul, some years ago sold to one N. Laird land in town 46, range 30, described as follows:  $\frac{1}{2}$  of  $\frac{1}{4}$  of section 24, all of section 25 and  $\frac{1}{4}$  of  $\frac{1}{4}$  and  $\frac{1}{4}$  of  $\frac{1}{4}$  of section 26. In part payment he took a mortgage for \$4000. Afterwards he assigned an undivided two-thirds interest in the mortgage to H. T. Lynch and J. M. Chappell, of Iowa.

Laird failed to pay the mortgage and suit was brought to foreclose. The certificate of sale was made to J. M. Chappell, the land having been bid off to him for \$2000.50, deficiency judgment against Laird being taken for the balance.

When the iron finds in that part of the county made the land valuable Geo. W. Holland bought the equity of Laird and in turn gave a quit claim deed to David R. Fairchild, of Duluth, who is acting for a syndicate of Duluth iron men.

Just prior to expiration of time to redeem Harmon brought suit to have the foreclosure set aside and secured a restraining order from the court to prevent Sheriff Erickson from turning over any money paid in redemption to Chappell. In the meantime H. Bunker of Murray county, has filed notice of intention to redeem, basing his right on a judgment against Laird secured in Murray county in 1904 and filed in Crow Wing county. Three other parties have also filed notice of redemption based on claims against Laird. It would look as if every iron man in the state had tried to find an old judgment against Laird as a basis to redeem and get the land. Fairchild and his associates have the inside track, but it looks as if they would have to pay all Laird's old debts to get the land, and if the foreclosure is set aside, pay the full face of the mortgage.

Child, Edgerton & Marshall, of St. Paul, are attorneys for Harmon. Chappell, of Independence, Iowa, and A. D. Polk for J. M. Chappell.

Alderman & Mantor were the attorneys in the foreclosure proceedings and so were ethically barred from accepting retainers in any of the present litigation.

## SOLOSKI & LEVANT

Gardner Block, Brainerd

**Rebel Leader Executed.**  
Lokoja, Nigeria, April 5.—The leader of the rebels who boasted that he had killed two French officers in February of this year was executed during the day after a trial by the sultan of Sokoto and a native court.

**Gasoline Explosion Injures Three.**  
St. Louis, April 5.—Three men were burned, one seriously, by an explosion of gasoline at the Langstrass dyeing works. The injured are Jacob Lauer, seriously; Martin Meyer and Robert Hoppe. Firement prevented a panic among the employees. A match in the pocket of a vest which was being cleaned caused the explosion.

**Memorial Day for Mita Anthony.**  
Toledo, O., April 5.—The national council of women at its session during the day adopted a resolution, presented by May Wright, for setting aside a memorial day for the Mita Anthony next for the Mita Anthony.

## SWEEPS OVER TAHITI

HURRICANE BRINGS DEATH TO A HUNDRED AND TWENTY-ONE PERSONS.

WRECK OF VESSEL SIGHTED

LONG OVERDUE STEAMER FROM JAPAN PROBABLY LOST WITH ALL ON BOARD.

Honolulu, April 5.—The steamer Moana, which arrived here during the day, reports that 121 persons were drowned during the hurricane which recently swept over Tahiti and the neighboring islands. Of these victims 1 perished on Tahiti, 91 natives and 4 whites on the Puamotu and 24 natives and 1 white on the other islands.

Before the windstorm broke over Papeete, the water rose steadily after a high tide to twenty feet above the normal mark and by 11 o'clock on the night of Feb. 7 was wrecking the wooden buildings and rushing between the American and British consulates. The wind blew in hurricane force, tearing up trees and sending roofs flying through the air. Fears are entertained for the safety of the schooner Eimeo, with seven persons on board.

The Emily Reed, which arrived Feb. 2 from Auckland during the storm, jettisoned 10,000 feet of lumber.

The Dunreagan reports a hurricane south of the Loyalty Islands on Feb. 7. Thursday Island experienced the storm fifteen days later.

WRECK OF VESSEL SEEN.

May Mean That Over Fifty Lives Were Lost.

San Francisco, April 5.—Officers of the Northwest Steamship company's Pennsylvania, arriving here from New York, report that when ten days from this port the masthead and part of the deck planking of a wrecked steamer were sighted adrift. The Charles Nelson company's steamer Centennial is now twenty days overdue from Hakodate, and shipping men say that the sunken hull and masthead at sea may belong to that vessel. Fifty-nine persons were aboard the Centennial when she left Japan. Steamers from the Orient have brought no word of her.

BITTER FIGHT AHEAD.

New Officers of Zion City to Resist Efforts of Dowrie to Oust Them.

Chicago, April 5.—It was decided during the day by Overseer Voliva of Zion City that in view of the announced return of John Alexander Dowrie from Mexico and his declared intention of making a fight against the action suspending him from office that the present overseer shall be appointed receiver of the Church of Zion and of all the public properties standing in the name of the church. The courts will probably be asked to name Voliva as receiver within the next few days. It was also asserted by the officers of Zion City that if Dowrie returns and commences legal action against the present officers of the church or attempts to oust them they will cause his arrest and prosecution on the charge of misuse of funds.

MEDICINE PROVES FATAL.

Two Minnesota Children Dead and Two Others May Die.

Benidji, Minn., April 5.—Two daughters of Mr. and Mrs. Herman Konoski, living on a farm near Nary, died during the afternoon as a result of taking worm medicine which evidently contained poison. The medicine was administered to the four children of the family, three girls and one boy, on Monday morning. All became violently ill and two died and the remaining two may die at any time.

Mr. Konoski said that some time ago a relative living in Wisconsin sent him the powder, which was said to be good for infantile disorders.

GOES TO PRISON FOR LIFE.

Frank McVey Pleads Guilty to Murder in the Second Degree.

Hayfield, Minn., April 5.—Frank McVey, alias Burns, was brought before Judge Buckham, entered a plea of guilty of murder in the second degree for the killing last December of City Marshal Ole Havey, and immediately received a sentence of imprisonment for life in the state prison.

Minister Commits Suicide.

St. Paul, April 5.—Rev. Frederick H. Rowse, rector of Ascension Episcopal church, Isabel street and Clinton avenue, West Side, fired a bullet into his brain at 1 o'clock p. m. His wife, who was in the house at 235 Prescott street, heard the report of the pistol, and going to the bedroom found the body of her husband on the floor, and a revolver beside it. The motive for the suicide is not known.

Spreading Rails Wreck a Train.

Fort Smith, Ark., April 5.—Spreading rails caused two Pullmans of a St. Louis and San Francisco train to break loose and roll down a twelve-foot embankment in Folsom, I. T., early in the day. J. W. Keating of Chicago, H. R. Bringer of Louisville, J. A. Hargrove of Sulphur, Tex., and a Mrs. Thompson of Petersburg, Ill., were injured.

## FRENCH AERONAUT DROWNED.

Met Death in the Waters of Bass Creek on Long Island.

New York, April 5.—Death in the waters of Bass creek, a small stream winding through the meadows along the south shore of Long Island, ended the balloon trip of Paul Nocuquet, a French sculptor of note and an amateur aeronaut. The body was found at night on the muddy side of the creek where the tide had left it and not a great distance from where Nocuquet's collapsed balloon was discovered by lifesavers from Jones' beach.

The discovery of the body put an end to the search which had included ocean, land and marshes and which had been conducted under the direction of Nocuquet's associates of the Aero club of New York.

Nocuquet apparently landed safely with his car and in fighting his way out of the meadows in the darkness had traversed several miles. He had crossed thirteen or fourteen different islands and had swam or waded through the runlets between them.

When Nocuquet started on his flight Tuesday afternoon, the wind was blowing out to sea.

The balloon passed over Jamaica, Garden City, Westbury, Jericho and Cold Spring harbor before darkness came.

What its course was after passing over Huntington at about 8:15 p. m. there is no means of knowing. Nothing farther was heard of it until its discovery on Jones' beach.

SAYS HE WAS HELD UP.

Agent for Asphalt Company Pleads Guilty to Charge of Bribery.

Green Bay, Wis., April 5.—District Attorney Samuel Cady has achieved a notable triumph in the first case of wholesale new graft prosecutions threatened when pleas of guilty were entered by Charles M. Carpenter of Chicago, general agent for Wisconsin for the Barber Asphalt company, on three counts alleging bribery. Carpenter stated on the witness stand that in securing a contract awarded in November, 1901, for asphalt pavement, he gave bribes aggregating \$2,000 to three Green Bay aldermen. He testified that he understood that of this amount Albert L. Gray and Henry Porth, both recently resigned from the council, received \$1,000 and \$400, respectively, and George J. Schwartz, recently convicted for subornation of perjury, \$600. Carpenter declares he was victim of a holdup. The bribes, he testified, were paid out of his own pocket and the Barber Asphalt company had no knowledge of the transactions. Carpenter paid a fine of \$1,000 and costs of \$100.

Fire in Lodginghouse.

Lynn, Mass., April 5.—A threatening fire broke out in a four-story wooden lodginghouse conducted by George J. Merrill, on Union street, just before 2 o'clock a. m. Fifty persons were in the building and a number escaped the flames by jumping and others were taken down ladders. Mrs. Merrill, wife of the proprietor, was taken out unconscious. No one else was injured. The damage was small.

TELEGRAPHIC BREVITIES.

The national amateur boxing tournament is being held at San Francisco.

The United States drydock Dewey, en route to the Philippines, has passed the island of Malta.

The buildings on the state convict farm in Rankin county, Miss., were partially destroyed by fire Wednesday, causing a loss of about \$75,000.

The success of the Constitutional Democrats in St. Petersburg on Monday was reflected Wednesday in the results of elections in all parts of the Russian empire.

Sixty-eight cases of typhoid fever were reported to the bureau of health of Pittsburgh Wednesday. This is the largest number reported for one day since April 12, 1905.

## ROOSEVELT CRITICISED.

Congressman Fitzgerald Scores the Chief Executive.

Washington, April 5.—The house at its session during the day listened to a criticism of the president by Mr. Fitzgerald (N. Y.) for the failure of the chief executive properly to advise the house as to the objections he had to the bill opening 50,000 acres of land for grazing purposes in Oklahoma Territory, instead of advising the members of the Indian affairs committee as to the weakness of the measure so that it might be amended to meet the wishes of commissioner of Indian affairs.

Mr. Fitzgerald, in the course of his strictures on the president, said:

"This is not Russia. The president is not like the czar, who originates and enacts legislation. The president may recommend, but he can neither originate nor enact legislation."

"Somebody may say this is trivial. The history of all governments which have parliamentary institutions shows that the failure to resist trivial encroachments on the part of the chief executive has led to vast encroachments until the legislative branch of the government existed in name only."

The postoffice appropriation bill was taken up, but beyond the explanation of the bill by the chairman of the postoffice committee, Mr. Overstreet (Ind.), no headway was made.

IN THE PUBLIC SERVICE.

Senator Daniel Discusses Lack of Representation by Southern States.

Washington, April 5.—In the senate during the day Mr. Newlands discussed the railroad rate bill and Mr. Daniel the question of the lack of representation by the Southern states in the public service. Mr. Newlands advocated amendments to the rate bill, providing for the national incorporation of railroads and announced himself as favorable to the governmental ownership of those utilities. Mr. Daniel's speech was based on a provision in the urgent deficiency appropriation bill for the representation of the United States at the next Pan-American congress to be held in Rio Janeiro next July. He said the plans of the state department did not contemplate representation of the South or the Far West, and then entered on a general consideration of Southern participation in public affairs, contending that political differences should not be permitted to prevent such participation on a broader scale.

The deficiency bill was amended so as to provide for more delegates and as amended was passed.
